ESTABLISHED FEBRUARY 7, 1884. McKINNEY, TEXAS, THURSDAY, JULY 27, 1933.—SECOND SECTION. FIFTY-ONE YEARS

BIG PARADE TO OPEN PICNIC-REUNION AUG. 2

U. A. Saunders, chairman of the parade committee, announces that he is being given wonderful encouragement from local citizens as he prepares for the "New Deal" parade which will officially open the thirty-fourth annual Collin County Confederates Veterans and Old Settlers Picnic and Reunion here next Wednesday morning, Aug. 2.

The parade will follow along the lines of former events, traversing the downtown business district, thence on to the picnic grounds. While there will be no cash awards, as last year, yet Mr. Saunders and his committee are appealing to the loyalty and civic pride of every local business man and individual citizen in an effort to make the parade this year—the "New Deal" parade—one of the best in recent years.

Those who enter are urged not to spend any large amount of money on their decorated cars, floats or other entries, but merely to decorate their entry, simply and economically.

Mr. Saunders informed these editors Tuesday that he expected an unusually large amount of bicyclists to enter the parade this year, since the bicycle-riding fad is so popular here at this time. Men and women, boys and girls—in fact every one who owns or who can rent a bicycle—are urged to get in the line of march and make that division one of the features of the parade.

The Confederate veterans will occupy an important part in the parade this year, Mr. Saunders says, leading the group of entries. All Confederate veterans are asked to gather Wednesday morning of next week on the southeast corner of the courthouse plaza, where they will be taken in cars to parade.

PLOWING UP OF COTTON BEGINS IN COLLIN TUESDAY

Plowing up of approximately 60,000 acres of Collin county's cotton crop got under way in earnest in all directions from McKinney Tuesday as farmers signed special permits received Monday from Washington, which are being distributed over the county this week by special inspectors.

County Farm Agent Jack McCullough says that many of these farmers will immediately plant feed crops on at least part of this land thus put under the plow, which will make a good yield this summer and early fall provided rains fall at the opportune time.

Agent McCullough declares they have received many requests from farmers asking that inspectors come and inspect their land, proof that they are actually entering into the campaign to plow up from 25 to 50 per cent of their crop. Many of the farmers are using a big sweep on two-row planters, middle busters and other plows to destroy the cotton. He especially urges all farmers whose cotton crop has grown bolls on it to plow this cotton under because the bolls might open even after plowed up.

The county agent's office was again thronged by farmers, inspectors and other interested persons Tuesday ,wanting further information about the plow up campaign. It is expected that most of Collin's quota will soon be plowed up and that farmers will be getting their checks from the government in the near future.

STREAMS ON RAMPAGE IN EAST TEXAS

The eastern part of Texas was drenched Monday and Tuesday from torrential rains, in some places averaging from 15 to 22 inches, bringing a flood menace in several cities. Creeks, rivers and all other streams went on a rampage, the waters doing great damage to all growing crops, including cotton, corn, watermelon and feed crops. Many farm animals have been drowned.

Damage in Shelby county was estimated at $1,000,000, in Panola county $500,000 with other sections likewise reporting damage.

No loss of life has been reported thus far.

Rev. G. B. Bradshaw, pastor of the North McKinney Baptist church, commenced a meeting at the Weston Baptist church Monday night, with a good crowd present. Prospects indicate a successful meeting and Rev. Mr. Bradshaw is elated with the successful start he has made. He is bringing some splendid messages. Music is under the direction of local talent. Everybody is cordially invited to attend the services.

Will Speak At Picnic-Reunion

HON. MORRIS SHEPPARD
Senior United States Senator From Texas

Oratory by some of the most eminent public speakers of the state and nation have accepted invitations to address the Thirty-Fourth Annual Collin County Old Settlers' Picnic and Ex-Confederates Reunion to be held in McKinney, August 2, 3, 4 and 5.

The latest acceptance that Assistant County Attorney Leon O. Moses, chairman of the invitation committee, has received is that of United States Senator Morris Sheppard, who will address the voters and picnickers from the bandstand at the picnic grounds in the eastern part of the city at 2:30 o'clock Saturday afternoon, August 5. Senator Sheppard is the senior United States senator from Texas and is rated among the world's most finished and eloquent orators in forensic ability.

Mr. Moses is being complimented on his success in securing the engagement for our big McKinney picnic this year.

United States Senator Sheppard is recognized as the father of the Eighteenth amendment, providing for national prohibition in the United States, and it is assumed that he will devote his speech to a defense of that "greatest social step forward that the constitution of our nation has ever had drafted into it.

President W. P. Abernathy of the picnic association, as well as Mr. Moses, chairman of the speakers' committee, bespeak a record-breaking audience to hear this distinguished Texas statesman and United States senator deliver his oration here on the above occsion.

It is certainly a rare privilege for any one to have the opportunity of hearing such a noted public speaker as is Morris Sheppard, the silver-tongued orator of the United States senate.

GEO. O. CATE III OF ALTOGA DIED SATURDAY

G .O. Cate, a highly-esteemed old Altoga farmer for nearly fifty years, died at his old farm home in that community, eight miles northeast of McKinney, at 7:30 o'clock Saturday afternoon, July 22, after less than a week's illness. However, he had not been well for the past year or two. In fact, he underwent a serious operation for appendicitis and peritonitis when he was 75 years old which left him in a rather weakened condition physically ever since although he kept up most of that time and was able to look after his farm and visit among his nine children. Funeral services were conducted under the big tabernacle in the Altoga cemetery at 4 o'clock Sunday afternoon by Rev. G. B. Bradshaw, pastor of the North McKinney Baptist church. Burial arrangements were directed by the Isaac Crouch Funeral home of McKinney with the following active pall bearers: Clint Farley, Will Moreland, Orville Lindsey, Raymond Lovelady, Goff Simpson and Ben Bass. His body was laid to rest beside the grave of his dear old wife in the cemetery that is located near the old Cate farmstead on which they reared their large family of children and which he owned until death.

◆ ◆ ◆

Born in Tennessee.

George Oliver Cate III was born Dec. 1, 1849, at Ooltewa, Hamilton county, Tennessee, being the son of George Oliver Cate II and wife who was a Shirley. When he was a babe, only six weeks old, his mother died. At the age of 23, he claimed as his fair young bride, Miss Sarah Elizabeth Chastain of Ringgold, Catoosa county, Georgia. Their marriage took place November 16, 1872, and for the long period of fifty-six years, they lived most happily together as husband and wife and reared a large family of children. His wife died June 9, 1928. On January 10, 1881, he and his young wife moved to Texas, first settling on a farm near Ennis, Ellis county, where they resided for nearly three years, then moving up to Collin county in 1884 and residing here the remainder of his life.

In September, 1880, he was converted and joined the Missionary Baptist church and was baptized by his pastor, Rev. Levi Dunn. His wife was a woman of unusual intelligence, a devout church worker and community worker. They aspired to give their children the right kind of home training by both example and precept.

◆ ◆ ◆

His Survivors.

Mr. Cate is survived by four sons and five daughters, as follows: Earl E. Cate, residing in McKinney; O. C. Cate, Route 6, McKinney; Homer P. He is also survived by thirty-eight grandchildren, thirtyone great-grandchildren and three great-greatgrandchildren. One half-sister, Mrs. Nell Goulden, also survives and lives at Tucson, Arizona.

Rain and muddy roads prevented many from attending from a distance, but a large concourse of neighbors and friends nevertheless gathered at the cemetery to pay tribute to his memory. Many beautiful floral offerings were sent as testimonals of sympathy to his surviving children and other descendants and as tokens of appreciation of his long and useful career in the community where he had continuously lived for nearly a half century.

ALLEN CITIZEN DIES SUDDENLY OF HEART ATTACK

Joe Howlett, aged Allen resident, died suddenly at his home there at 8 p. m. Saturday, July 22, from a heart attack. The deceased had resided in Allen for twenty-eight years. He was a native of Kentucky, where he was born August 24, 1858, being 75 years of age at the time of his death. He was a son of the late Harry and Elizabeth Howlett of Kentucky.

Funeral services were held this (Monday) afternoon at 3:30 o'clock at the Allen Baptist church, conducted by Rev. J. Ben Snider and Rev. Milton Greer, both of McKinney. Interment followed in the Allen cemetery under the direction of the C. C. Harris Funeral home.

Pallbearers were: J. I. Butler, S. P. Berry, W. N. Waters, W. O. Smith, H. A. Brown and V. B. Harrington.

The deceased is survived by his wife and the following children: Earl Howlett of Allen; Mrs. W. Sturgis of Dallas; Frank Howlett, Groom, Texas; Miss Bettie Belle Howlett, Allen; J. G. Howlett, and Mrs. Erman Snider, both of Allen.

The following brothers and sisters also survive: Mrs. Bettie Cape of Missouri; Mrs. Nanie Greer and Mrs. Leslie, both of the state of Kentucky and I. C. Howlett of Groom, Texas. An infant son, Alvin, preceeded him to the grave.

SWIMMING FEAT OF TWO YOUNG ALTOGA MEN

Leon (Tony) Lacy and Ray (Red) Walker, two Altoga young men, accomplished an unusual swimming feat the other day at Lake Dallas, while there with three other friends for a day or two fishing and pleasure outing. They were swimming at one of the two widest places across the lake. One bantered the other to swim across two-and-a-half miles with him. They struck out, accompanied by another one of their companions, Clint Farley, also of Altoga, rowing a skigg in order to be ready to take them aboard should either or both become too wearied to continue. They swam the two and a half miles in two hours.

They didn't try for speed, merely making endurance tests and trying out their real swimming expertness. Young Mr. Lacy, who is a grandson of our veteran fellow citizen of McKinney, W. W. Lacy, said that when he finished up, he was not so fatigued or physically exhausted but what he believed he could have made the return trip by the swimming route if he had undertaken it and had taken his time coming back.

They started on the east side of the lake and swam straight across westward.

A merchant whose store is near the bank at the starting point, told them that they were the first to swim the entire distance across the lake at that point that he knew of or ever heard of. Ray Walker is a graduate of McKinney High school, who took a prominent part in high school athletics. He is a son of Mr. and Mrs. J. D. Walker, of Altoga, while Mr. Lacy is a son of Mrs. Wilfred Lacy, also of Altoga. Ray weighs about 185 or 190 pounds, while young Lacy, his teammate, doesn't weigh more than 140 pounds.

All the practice the boys ever had in swimming had been in creeks and pools around Altoga and McKinney, until they tackled the big Lake Dallas plunge.

OLD FATHER IS STILL ACTIVE AT NINETY-THREE

While talking with G. W. Moore of Melissa, he told us that his aged father, R. E. Moore, who will be 93 years old on the 28th of the coming November, keeps quite well and active. He reads much and greatly enjoys our paper which he has taken practically ever since it was established nearly fifty years ago. He reads without the aid of spectacles. However, he is bothered with partial deafness. He lives on his big farm and by himself in the old family home since the death of his wife a number of years ago and the marriage of his children. His two sons operate most of his big farm. They and their wives are with him more or less every day. Mr. Moore enjoys doing the chores about his place and looking after his chickens and gardon in season. He is a fine old man. These editors have appreciated his friendship and patronage through all the years. Two of his children, Mesdames Will Shipley and J. F. Bennett, live here in McKinney.

Misses Adele Stell, Galion and Mary Lou Hall, Dallas, were guests of Miss Mary Ann Hall Sunday.

Will Speak Here Friday, July 28

DR. J. FRANK NORRIS.

Arrangements are being made here to take care of an overflow audience when Dr. J. Frank Norris, Fort Worth Baptist minister and militant dry leader, speaks at the coliseum tabernacle in McKinney Friday night, July 28.

Dr. Norris is touring the state, making addresses in support of the retention of the Eighteenth amendment. He is one of the Southwest's leaders in support of the prohibition cause. He is pastor of the First Baptist church in Fort Worth, one of the largest congregations anywhere in the country, boasting a membership of several thousand. His Sunday school is reputed to be the greatest in North America, from 5,000 to 6,000 enrollment.

This pro leader and prominent churchman is expected to be heard by a crowd running up into the thousands here next Friday night.

PROF. ALEXANDER VISITS M'KINNEY FRIENDS AGAIN

A former prominent Texas educator, who left that line of work some years ago for the field of business activity, has just visited his old home here at McKinney for the first time in a number of years. He was Prof. Chas. T. Alexander, whose present address is the Hilton hotel, Dallas. He came up to visit his good friends, Dr. J. C. Erwin Sr. and Robert D. Erwin Sr. and others. He was for sometime president of the McKinney Institute, which Dr. J. C. Erwin Sr. was instrumental in helping to build and served on its board of directors. Prof. Alexander is also a former superintendent of public schools at Corsicana and Waco and is also a former president of the Texas State Teachers association. In more recent years, he has built some of the largest hotels in the south No non-resident has greater regard for the high-class citizenship of this city and county nor appreciates this wonderful agricultural county more than Prof. Alexander. He says it is already coming out of the depression in a splendid way and certainly has a bright future before it. We were very happy to receive a welcome business visit from him in company with R. D. Erwin.

Mr. and Mrs. Erwin Heard of Dallas were week-end guests of his parents, Mr. and Mrs. C. P. Heard in this city.

Lon Dennis, farmer residing a few miles north of McKinney, was a McKinney business visitor Tuesday.

Ardath Dotson of Wharton has arrived in McKinney, where he is a guest of his uncle and aunt, Mr. and Mrs.A. L. Cole. Ardath is a son of Mr. and Mrs. Walter Dotson, formerly of McKinney. He tells us that he works for the Wharton Spectator, a weekly paper of his home city. He is a bright young fellow, enterprising, whom we enjoyed meeting up with.

County Superintendent L. Dow Hendricks and his assistant, Malcolm M. Walters, call attention to the fact that there is only one more week remaining for students to transfer from one district to another for the next school year. August 1 is the last day in which any student may transfer out of their own district. There have been quite a few transfers made, but there are many more who have not attended to this matter. Picnic-Reunion Officials Making Last Minute Plans For 34th Annual Event

P. L. MILLER FARMERSVILLE ONION DEALER

We had the pleasure of meeting up with P. L. Miller of Farmersville in McKinney Tuesday. He is one of the most extensive onion growers and dealers in the state. He and his brother, J. A. Miller, are associated together in most of his activities. The latter is now at Indianola, Okla., buying Valencia onions. Something like sixty cars of them were raised this season in that arena.

Mr. Miller recently harvested 100 acres of onions for their seed. He stored their crop in the big cotton sheds of the McKinney compress for two or three weeks and has already threshed and stored the seed. He is so far as we know the first onion seed grower in this section of the state. His seed were not so productive this year on account of the late freeze and then partial drouth. Mr. Miller has his own threshing machine for threshing them.

He also has grown and bought onions this year at several other points—at Italy in Ellis county, in the Winter Garden region, Raymondville and Corpus Christi. He has been quite an active buyer on the McKinney market.

Mr. Miller says that the McKinney trade territory is just beginning to wake up on its possibilities of Bermuda onion production. He considers these onions more profitable to set out and grow in this blackland around McKinney than the hard onion that has been grown so long from the seed which comes onto the market later in the season. It means much to local growers, according to Mr. Miller, to give their attention to Bermuda onion production, because they come on the market earlier and at a time when competition is not so keen and better prices are to be had.

FUNERAL HELD TUESDAY FOR WILLIE HAYES

Largely attended funeral services for Willie L. Hayes, 21, son of Mr. and Mrs. R. L. Hayes of the Cottage Hill community, who died in the McKinney City hospital Sunday night, July 23, at 11:30 o'clock, were held this (Tuesday) morning at 10 o'clock at Cottage Hill, conducted by Rev. Lee Miller of Howe and Rev. Morgan, pastor of the Cottage Hill Methodist church. Miss Guy Bunch gave an impressive vocal number during the services.

Pallbearers were: Don Woods, J. W. Shields, Murphy Lee, A. W. Phillips, Charlie Frank Webster and Lee Sloan.

Flower girls were: Neta Dee Lee, Lucille Beckner, Julia Darnall, Mary Frances Darnall, Julia Irene Phillips, Charlotte Darnall, Lorence Combest, Bernice Combest, Dorothy Clayton, Beulah Dee Webster.

Immediately after the services at Cottage Hill the funeral cortege left for Ferris in Ellis county, where interment was made under the direction of the S. K. Pafford Funeral home of Celina.

Willie Hayes was overcome, as was his brother, Kenneth, 23, by fumes from blasting powder while they were helping their father, R. L. Hayes, dig a well at their home in the Cottage Hill community Thursday afternoon. They were rushed to the city hospital where Kenneth regained consciousness, being later removed to his home.

Willie, however, grew steadily weaker, passing away Sunday night. The body was prepared for burial by the Sam J. Massie & Son Funeral home. The Pafford Funeral home then conveyed the body to the home of his parents.

The deceased was a native of Ellis county but had lived in Collin county most of his life. He is survived by his parents, Mr. and Mrs. R. L. Hayes, well-known Northwest Collin couple, three brothers and six sisters as follows: D. Hayes of Prosper, Kenneth Hayes of the Celina community, R. L. Hayes Jr., at home; Mrs. Burge Scott, McKinney, route 6; Mrs. W. J. Thompson, Prosper; Mrs. R. L. Thomason, McKinney, route 6; Mary Leta, Frances and Dimples all at home.

Pres. Abernathy And Other Workers Given Splendid Co-operation; Noted Orators Will Be Here For Addresses.

With only one more week remaining until the thirty-fourth annual picnic-reunion gets under way in this city, all officials of that celebration are redoubling their efforts to make the event one of the most successful and best-attended in history.

President W. P. Abernathy, who is serving his second year as head of the Association, and his coworkers, are making every effort to complete arrangements this week, making ready for the opening of the four-day event next Wednesday morning, August 2. Wilkins Comegys has been made active vice president to assist Mr. Abernathy in his numerous duties and the two are working harmoniously together in a manner that bespeaks a successful and worthwhile celebration.

Following an annual custom, the baby show will be held on Thursday morning, second day of the picnic-reunion, at 10 o'clock at the bandstand. Mrs. O. S. Scott has again been named chairman of the baby show committee, and this year's crop of fine Collin baby boys and girls will be in evidence at this event, one of the big features each year.

Excellent music will be furnished by the McKinney band during the four-day event.

The W. H. (Bill) Hames shows, of Fort Worth, who have annually been coming here for the past quarter of a century, will again have their large shows here for the occasion.

◆ ◆ ◆

To Honor Confederates.

The Confederate veterans, for whom the event is held each year, will be honored in many ways during the celebration. They will head the parade on Wednesday morning and at noon on the same day, they will be special guests at a dinner given in their honor by the Scott-Dickson chapter of the U. D. C.

Tom M. Scott says that the grounds will be in excellent condition for the picnic. He is also having the loud speaker system overhauled, which will be in A-1 condition, to carry over the grounds the fine program that is being arranged all four days. He also announces that picnic crowds are assured of some worthwhile free entertainment.

◆ ◆ ◆

Old Fiddler's Contest.

An old fiddler's contest and square dance will be staged on the bandstand Friday night, Aug. 4, Harry King of Wylie is in charge of this special event and has been assured that from twenty to thirty old time fiddlers will be here to compete. He is already recognized as a political figure of state-wide influence and universal admiration.

J. P. Galbreath, brother of Mrs. C. P. Heard of this city, has gone on an extended visit in the East. He will attend the Century of Progress at Chicago before returning home.

CLINT FARLEY AGREES TO CO-OPERATION

Clint Farley, one of Altoga's most estimable citizens, living on his farm about one mile slightly northwest of Altoga, and his brother-in-law, Clyde Stewart, of Dallas, were in McKinney Saturday afternoon on business. Mr. Stewart and wife came up to spend the weekend in the Farley home, Mesdames Farley and Stewart being sisters. Mr. Farley had just returned from a week's outing on Lake Dallas, fishing and swimming. They had reasonably good luck. While there, Mr. Farley accompanied two of his young neighbor boy friends, Tony Lacy and Ray Walker, in their two and a half-mile swim across Lake Dallas at one of its widest points. Mr. Farley was in a rowboat and kept right along with the boys to be ready in case of an emergency should either of them become exhausted and need help.

Mr. Farley and his son, Herschel, have around 140 or 150 acres of cotton, which is doing moderately well. It is rather dry on it, but Mr. Farley says that he is sort of a dry weather cotton farmer anyhow. He usually makes fairly good cotton crops on years having dry Julys. He is ready to plow up about forty acres of his crop as soon as the government gives him the word. He believes in co-operating with his government in its efforts to benefit all of his brother farmers in trying to raise farm commodity prices by reducing production. Mr. Farley gets $17 per acre cash from the government on his part of his crop plowed up while his son, Herschel, took the option plan, getting $11 per acre and option on eight bales of government cotton at 6 cents per pound. Mr. Farley thinks his son will probably realize more money on his contract than he himself will.

Prof. W. W. Killian, former Superintendent of the Wylie school, with his family, visited in that city. He is now at LaRue, Texas.

A. F. Quisenberry of Frisco has gone to Los Angeles, California, to be at the bedside of his daughter, Mrs. Claudia McHan, who is seriously ill.

Miss Mildred Smith and Dorsey Parr of Wylie were married at the home of her uncle, Mr. and Mrs. Frank Smith, with Rev. McSpedden, performing the ceremony.

One of the largest outlets for cotton fabric in this field is sugar bags, one company alone having used 40,000,000 yards of sheeting in making 99,000,000 cotton sugar bags in 1932; this firm also used 9,000,000 yards of sheeting for cotton last year with this use increasing steadily.

G. W. Malone Jr., of Frisco has been visiting McKinney friends.

TEXAS ELECTRIC RAILWAY

Texas and the New Deal

TO TAKE THE NEW DEAL out of the realm of criticism and bring its full import to bear upon the practical matters of life is a duty and a privilege peculiarly incumbent upon Texans. The new National Policies are so comprehensive that they affect the aspirations, the feelings and the faiths of all. But more particularly do they affect our livings.

We cannot all at once absorb and digest the potencies and ramifications of the changed conditions, but we of Texas need not doubt that our State, foremost of all, stands to gain a new prosperity out of the new departures. We produce the primary materials from which are manufactured the comforts and necessities of civilized living the world over. Our State stands far out in front of all the other exporting grand divisions, having last year surpassed New York in the value of commodities and merchandise shipped out of our ports. It behooves Texas to continue to knock at the door of commerce and trade in the world markets. We send our cotton, our wool, our livestock, our hides, our green vegetables, our cured meats, our sulphur, our petroleum, our vegetable oil, our grain, our lumber to all the other States and to fifty foreign countries. We are gaining in the volume of our finished goods, and in producing and distributing our saleable values we are giving employment and wages to an industrious and capable working population. We are gathering new strength after an unwonted period of weakness.

It is gratifying to the millions of loyal Texans that Texas is to have an adequate exhibit at the Century of Progress Exposition at Chicago. The statistical position of Texas is beyond the questioning of the querulous. But statistics are arid things, often skipped by the casual reader. At the Century of Progress Exposition, with the autumn months yet to send their throngs, Texas will have a graphic display of values in proof of its premier position, and many thousands will be visually assured that what Texas claims is what Texas proves.

The full measure of results to be gathered from recent far-reaching legislation cannot be taken all at once. But there is a new expectation, a new courage, a new hope in the American people, and more consideration for the durable virtues of brotherly love and sincerity. Texas offers fair and just rewards to all those who wish to live fairly and deal justly.

While many of us are unable fully to comprehend the effects and results of the far-reaching legislation which has been enacted, we nevertheless, as good citizens, should co-operate to the best of our ability with our governmental agencies.
